

CPIAC: Where Will It Go?

Current and Future

CPIAC CURRENT

CPIAC (Johns Hopkins University) operates the Basic Center of Operations (BCO) and provides technical and administrative support for the Joint Army Navy NASA Air Force Interagency Propulsion Committee.

410-992-7300

<http://www.cpia.jhu.edu>

Johns Hopkins University is the prime contractor providing R&D analysis for CPIAC Technical Area Tasks (TATs).

CPIAC FUTURE

There will be one contract (DSIAC) for AMMTIAC, CPIAC, RIAC, SENSIAC, SURVIAC, and WSTIAC as well as some new scope.

This will align with the Defense Systems contract for TATs.

Timeline:

DSIAC: December 2012

Defense Systems: June 2013
